<u>REMARKS</u>

Applicant amended the claims to clarify the structure which applicant believes distinguishes

the invention over the cited references, to clarify the functions of the claimed invention, and to

clarify the limitations within the claims drawn to such structure. However, amendments have not

been made to narrow the claims of the original application but, rather simple, to clarify claims due to

grammar that the Examiner found unclear.

Applicant respectfully requests that this amendment/response be considered by the Examiner

and a notice of allowance be entered.

If the Examiner feels that a telephone conference with the undersigned would be helpful to

the allowance of this application, a telephone conference is respectfully requested.

Respectfully submitted,
